UNIVERSITAS DIPONEGORO QUICK FACTS AND FIGURES

TOP TEN BEST UNIVERSITY ACROSS THE NATION

Universitas Diponegoro is well known as one of the best universities in Indonesia which is acknowledged in Top 10 Best National Universities

EXCELLENT ACADEMICS

Undip has approximately 2.000 academic staffs with excellent academic qualification in which 80 percent of them hold Doctorate Degree in their respective fields

OTHER FACILITIES

The supporting facilities are a football stadium, international indoor futsal stadium, international student dormitory, basketball and tennis court, and more

LARGE NUMBER OF STUDENT BODY

Undip is home for more than 55.000 students, including hundreds of International Students around the globe. It brings you more opportunities, cultural exchange, broad networking as well as dynamic academic experinces

LOCATED IN SEMARANG CITY

EASY ACCESS

Semarang city is situated in the center of Java Island which allows you to fly from any directions by domestic flight either from Jakarta or Bali. It also has direct international flight from Singapore and Kuala Lumpur, Malaysia

LIVEABLE CITY

Semarang is well known as the most affordable city compare to other big cities in Indonesia. In fact, it has modern shopping malls, luxurious hotels and apartments as well as abundant historical sites. With only 1.7 million people inhabitants, this city is not very crowded as other Indonesian capital cities and has better traffic management

AVAILABLE TRANSPORTATION

You have more choices to travel from within the city. Bus Rapid Transit and online taxi (including motorbike taxi) are available as public transports.

It is also easy when you need to travel outside of the city. Train and inter-city bus can be the perfect choices.

ABOUT THE PROGRAMME

Diponegoro Exchange Experience Programme or shortly called DEEP is the most integrated student mobility scheme at Universitas Diponegoro (Undip). This programme is designed to accommodate international students from both partner and non-partner Higher Education Institutions /Universities around the globe to experience 1 (one) semester at Undip.

The students from partner universities are able to get credits that are transferrable in their home universities. By this scheme, students are categorized as Credit Transfer System (CTS) students. Meanwhile, students from non-partner universities will only earn credits and the credits cannot be transferred to their home universities; so-called Credit Earned System (CES).

By sending the students to participate in this programme, non-partner universities are possible to propose an academic agreement with us. Eventually, the students can transfer the credit earned during the programme.

You may refer to following link to check your university's partnership status:

<https://io.undip.ac.id/collaboration>
