For example, if you are planning a 2-year degree programme, you must directly communicate two years as the desired scholarship duration in your application. If this assessment shows that you will successfully complete your programme within a reasonable period of time, the scholarship will continue as planned.

The scholarship usually begins in *August* of the following year.

Please note that the maximum duration of the scholarship consists of the year you apply for, plus the time left to the end of the regular period of studies in that programme. For example, if you apply for a DAAD scholarship starting in your second year of studies of a two year programme, the maximum duration of the scholarship will be one year.

The standard period of study and the start date are based on the Affiliate Agreement between the programme partner and the DAAD.

Please note: if you arrive later, the duration of your scholarship will be shortened accordingly.
